

North Carolina network health centers

Transforming access and outcomes

Care that meets your people where they are

Unlock better access to advanced primary care with Marathon Health's network health centers.

With network health centers, employees get trusted care at convenient sites across the community. For plan sponsors, networks are a low-risk, high-value solution that eliminate upfront capital investment and accelerate ROI.

Better experience, enhanced outcomes without added infrastructure

- **Low-risk, low-lift:** Turnkey implementation, Marathon-owned and operated—no real estate investment required
- **Speed to impact:** Engagement-tiered pricing—pay for what your members use, accelerate ROI
- **Conveniently located:** At home or on the road, care where it works for every member
- **Healthcare home:** Consistent, high-quality care across all sites; virtual care wraparound for nationwide parity

We partner with innovators to expand health center access in new geographies—offering early adopter benefits.

Real-world results¹

84%

of at-risk, engaged members reduced their health risk

67%

engagement rate among high-risk employees

47%

of visits are for preventive care

99%+
